Docket No.

98-N-1265

Food and Drug
Administration
5600
Fishers Lane
Rockville,

MD 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA.

In

particular, I OBJECT to the definition of "inordinate
amount"

which restricts the availability and the right to
obtain medically
necessary compounded medications by limiting the
number of

prescriptions that can be shipped across state lines
from

specialized compounding pharmacies.

COMMENTS: I am a woman that is approaching middle age.

I have a career and many

friends that are the same age. We all appreciate the

fact that we can use alternative

treatment for pre-menopausal or menopausal symptoms.

Please take a close look at

your decisions before you decide to limit our freedom

to what products our doctors can

prescribe for us. We need our freedom as United

States citizens, and women of the

future.
